

# Land Use Planning Workshops for Rensselaer Plateau Communities

Municipalities play an essential role in guiding land use decisions and the future of natural resources. Attend a free workshop to learn about:

- Significant natural areas on the plateau for forests, water, and wildlife, and how they benefit communities
- Hands-on use of new townwide ecological maps to identify the most important resources in your community
- How ecological maps and conservation principles can inform townwide policy and planning and site-specific project reviews

*Self-certification forms for 4 hours of municipal training credit will be provided.*
