Selected Economic Characteristics: 2005-2009

Geographic Area: Valley Falls village, New York

Selected Economic Characteristics	Estimate	Margin of Error (+/-)	90% Confidence Interval	
			Lower Bound	Upper Bound
EMPLOYMENT STATUS				
Population 16 years and over	**340**	**74**	**266**	**414**
In labor force	253	62	191	315
Civilian labor force	253	62	191	315
Employed	229	58	171	287
Unemployed	24	23	1	47
Armed Forces	0	123	0	123
Not in labor force	87	33	54	120
Civilian labor force	**253**	**62**	**191**	**315**
Percent Unemployed	9.5%	8.6	0.9%	18.1%
Females 16 years and over	**188**	**46**	**142**	**234**
In labor force	135	44	91	179
Civilian labor force	135	44	91	179
Employed	115	38	77	153
Own children under 6 years	**25**	**19**	**6**	**44**
All parents in family in labor force	25	19	6	44
Own children 6 to 17 years	**74**	**26**	**48**	**100**
All parents in family in labor force	74	26	48	100

COMMUTING TO WORK				
Workers 16 years and over	**221**	**55**	**166**	**276**
Car, truck, or van -- drove alone	193	55	138	248
Car, truck, or van -- carpooled	25	13	12	38
Public transportation (excluding taxicab)	0	123	0	123
Walked	1	4	0	5
Other means	0	123	0	123
Worked at home	2	3	0	5
Mean travel time to work (minutes)	29.8	3.5	26.3	33.3

OCCUPATION				
Civilian employed population 16 years and over	**229**	**58**	**171**	**287**
Management, professional, and related occupations	95	30	65	125
Service occupations	28	23	5	51
Sales and office occupations	57	25	32	82
Farming, fishing, and forestry occupations	0	123	0	123
Construction, extraction, maintenance, and repair occupations	9	8	1	17
Production, transportation, and material moving occupations	40	21	19	61

INDUSTRY				
Civilian employed population 16 years and over	**229**	**58**	**171**	**287**
Agriculture, forestry, fishing and hunting, and mining	2	3	0	5
Construction	5	5	0	10
Manufacturing	34	17	17	51
Wholesale trade	8	9	0	17
Retail trade	17	13	4	30
Transportation and warehousing, and utilities	10	8	2	18
Information	2	4	0	6
Finance and insurance, and real estate and rental and leasing	37	25	12	62
Professional, scientific, & management, & administrative and waste management services	18	13	5	31
Educational services, and health care and social assistance	53	21	32	74
Arts, entertainment, and recreation, and accommodation and food services	20	14	6	34
Other services, except public administration	3	5	0	8
Public administration	20	13	7	33

CLASS OF WORKER				
Civilian employed population 16 years and over	**229**	**58**	**171**	**287**
Private wage and salary workers	174	51	123	225
Government workers	52	19	33	71
Self-employed in own not incorporated business workers	3	6	0	9
Unpaid family workers	0	123	0	123

PERCENTAGE OF FAMILIES AND PEOPLE WHOSE INCOME IN THE PAST 12 MONTHS IS BELOW THE POVERTY LEVEL

Selected Economic Characteristics	Estimate	Margin of Error (+/-)	Lower Bound	Upper Bound
All families	6.3%	9.1	0.0%	15.4%
With related children under 18 years	11.1%	15.8	0.0%	26.9%
With related children under 5 years only	0.0%	100	0.0%	100.0%
Married couple families	0.0%	31.6	0.0%	31.6%
With related children under 18 years	0.0%	47.5	0.0%	47.5%
With related children under 5 years only	0.0%	100	0.0%	100.0%
Families with female householder, no husband present	33.3%	41.2	0.0%	74.5%
With related children under 18 years	36.8%	44.1	0.0%	80.9%
With related children under 5 years only	-	**	**	**
All people	9.5%	9.6	0.0%	19.1%
Under 18 years	13.9%	19.4	0.0%	33.3%
Related children under 18 years	13.9%	19.4	0.0%	33.3%
Related children under 5 years	46.7%	53.3	0.0%	100.0%
Related children 5 to 17 years	8.1%	11.8	0.0%	19.9%
18 years and over	8.2%	7.1	1.1%	15.3%
18 to 64 years	9.9%	8.4	1.5%	18.3%
65 years and over	0.0%	41.5	0.0%	41.5%
People in families	8.0%	11.5	0.0%	19.5%
Unrelated individuals 15 years and over	16.0%	15.3	0.7%	31.3%

Source: U.S. Census Bureau, 2005-2009 American Community Survey

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Notes:

·Employment and unemployment estimates may vary from the official labor force data released by the Bureau of Labor Statistics because of differences in survey design and data collection. For guidance on differences in employment and unemployment estimates from different sources go to Labor Force Guidance.

·Workers include members of the Armed Forces and civilians who were at work last week.

·Occupation codes are 4-digit codes and are based on Standard Occupational Classification 2000.

·Industry codes are 4-digit codes and are based on the North American Industry Classification System 2002 and 2007. The 2005, 2006 and 2007 ACS data are coded using NAICS 2002 while the 2008 and 2009 ACS data use NAICS 2007 codes. Categories that differ between 2002 and 2007 NAICS are aggregated so that the 5 years of data are consistent in display and reflect the NAICS 2007 codes. The Industry categories adhere to the guidelines issued in Clarification Memorandum No. 2, "NAICS Alternate Aggregation Structure for Use By U.S. Statistical Agencies," issued by the Office of Management and Budget.

·Selected earnings and income data are not available for certain geographic areas due to problems with group quarters data collection and imputation. See the ACS User Notes for details.

·Logical coverage edits applying a rules-based assignment of Medicaid, Medicare and military health coverage were added in 2009 -- please see http://www.census.gov/hhes/www/hlthins/publications/coverage_edits_final.pdf for more details.

·While the 2005-2009 American Community Survey (ACS) data generally reflect the November 2008 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

·Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Explanation of Symbols:

1. An '**' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.

3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.

4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.

5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.

7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

8. An '(X)' means that the estimate is not applicable or not available.
