Selected Economic Characteristics: 2005-2009

Geographic Area: South Glens Falls village, New York

Selected Economic Characteristics	Estimate	Margin of Error (+/-)	90% Confidence Interval	
			Lower Bound	Upper Bound
EMPLOYMENT STATUS				
Population 16 years and over	**2,869**	**99**	**2,770**	**2,968**
In labor force	1,987	167	1,820	2,154
Civilian labor force	1,987	167	1,820	2,154
Employed	1,879	167	1,712	2,046
Unemployed	108	60	48	168
Armed Forces	0	123	0	123
Not in labor force	882	169	713	1,051
Civilian labor force	**1,987**	**167**	**1,820**	**2,154**
Percent Unemployed	5.4%	3	2.4%	8.4%
Females 16 years and over	**1,435**	**111**	**1,324**	**1,546**
In labor force	881	117	764	998
Civilian labor force	881	117	764	998
Employed	839	117	722	956
Own children under 6 years	**145**	**77**	**68**	**222**
All parents in family in labor force	131	77	54	208
Own children 6 to 17 years	**439**	**91**	**348**	**530**
All parents in family in labor force	368	99	269	467

COMMUTING TO WORK				
Workers 16 years and over	**1,840**	**160**	**1,680**	**2,000**
Car, truck, or van -- drove alone	1,520	162	1,358	1,682
Car, truck, or van -- carpooled	226	102	124	328
Public transportation (excluding taxicab)	0	123	0	123
Walked	27	45	0	72
Other means	13	19	0	32
Worked at home	54	64	0	118
Mean travel time to work (minutes)	20.5	3.6	16.9	24.1

OCCUPATION				
Civilian employed population 16 years and over	**1,879**	**167**	**1,712**	**2,046**
Management, professional, and related occupations	487	107	380	594
Service occupations	320	104	216	424
Sales and office occupations	462	132	330	594
Farming, fishing, and forestry occupations	0	123	0	123
Construction, extraction, maintenance, and repair occupations	263	113	150	376
Production, transportation, and material moving occupations	347	117	230	464

INDUSTRY				
Civilian employed population 16 years and over	**1,879**	**167**	**1,712**	**2,046**
Agriculture, forestry, fishing and hunting, and mining	0	123	0	123
Construction	154	85	69	239
Manufacturing	388	147	241	535
Wholesale trade	26	29	0	55
Retail trade	228	93	135	321
Transportation and warehousing, and utilities	98	54	44	152
Information	13	19	0	32
Finance and insurance, and real estate and rental and leasing	143	80	63	223
Professional, scientific, & management, & administrative and waste management services	156	73	83	229
Educational services, and health care and social assistance	322	104	218	426
Arts, entertainment, and recreation, and accommodation and food services	182	85	97	267
Other services, except public administration	115	70	45	185
Public administration	54	34	20	88

CLASS OF WORKER				
Civilian employed population 16 years and over	**1,879**	**167**	**1,712**	**2,046**
Private wage and salary workers	1,502	186	1,316	1,688
Government workers	271	117	154	388
Self-employed in own not incorporated business workers	106	79	27	185
Unpaid family workers	0	123	0	123

			Lower Bound	Upper Bound

PERCENTAGE OF FAMILIES AND PEOPLE WHOSE INCOME IN THE PAST 12 MONTHS IS BELOW THE POVERTY LEVEL

Selected Economic Characteristics	Estimate	Margin of Error (+/-)	Lower Bound	Upper Bound
All families	2.4%	2.5	0.0%	4.9%
With related children under 18 years	2.2%	3.3	0.0%	5.5%
With related children under 5 years only	0.0%	53.6	0.0%	53.6%
Married couple families	1.9%	3.1	0.0%	5.0%
With related children under 18 years	0.0%	14.4	0.0%	14.4%
With related children under 5 years only	0.0%	62.8	0.0%	62.8%
Families with female householder, no husband present	4.6%	7.2	0.0%	11.8%
With related children under 18 years	7.0%	11.2	0.0%	18.2%
With related children under 5 years only	0.0%	100	0.0%	100.0%
All people	7.3%	3.7	3.6%	11.0%
Under 18 years	1.3%	2.1	0.0%	3.4%
Related children under 18 years	1.3%	2.1	0.0%	3.4%
Related children under 5 years	0.0%	28.8	0.0%	28.8%
Related children 5 to 17 years	1.6%	2.5	0.0%	4.1%
18 years and over	8.6%	4.3	4.3%	12.9%
18 to 64 years	8.3%	5	3.3%	13.3%
65 years and over	10.1%	9.2	0.9%	19.3%
People in families	1.5%	1.6	0.0%	3.1%
Unrelated individuals 15 years and over	23.3%	11	12.3%	34.3%

Source: U.S. Census Bureau, 2005-2009 American Community Survey

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Notes:

·Employment and unemployment estimates may vary from the official labor force data released by the Bureau of Labor Statistics because of differences in survey design and data collection. For guidance on differences in employment and unemployment estimates from different sources go to Labor Force Guidance.

·Workers include members of the Armed Forces and civilians who were at work last week.

·Occupation codes are 4-digit codes and are based on Standard Occupational Classification 2000.

·Industry codes are 4-digit codes and are based on the North American Industry Classification System 2002 and 2007. The 2005, 2006 and 2007 ACS data are coded using NAICS 2002 while the 2008 and 2009 ACS data use NAICS 2007 codes. Categories that differ between 2002 and 2007 NAICS are aggregated so that the 5 years of data are consistent in display and reflect the NAICS 2007 codes. The Industry categories adhere to the guidelines issued in Clarification Memorandum No. 2, "NAICS Alternate Aggregation Structure for Use By U.S. Statistical Agencies," issued by the Office of Management and Budget.

·Selected earnings and income data are not available for certain geographic areas due to problems with group quarters data collection and imputation. See the ACS User Notes for details.

·Logical coverage edits applying a rules-based assignment of Medicaid, Medicare and military health coverage were added in 2009 -- please see http://www.census.gov/hhes/www/hlthins/publications/coverage_edits_final.pdf for more details.

·While the 2005-2009 American Community Survey (ACS) data generally reflect the November 2008 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

·Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Explanation of Symbols:

1. An '**' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.

3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.

4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.

5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.

7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

8. An '(X)' means that the estimate is not applicable or not available.
