SELECTED MONTHLY OWNER COSTS AS A PERCENTAGE OF HOUSEHOLD INCOME (SMOCAPI)

Housing units with a mortgage (excl. units where SMOCAPI cannot be computed)	13	8	5	21
Less than 20.0 percent	4	6	0	10
20.0 to 24.9 percent	2	3	0	5
25.0 to 29.9 percent	0	123	0	123
30.0 to 34.9 percent	0	123	0	123
35.0 percent or more	7	6	1	13
Not computed	0	123	0	123
Housing unit without a mortgage (excl. units where SMOCAPI cannot be computed)	36	18	18	54
Less than 10.0 percent	5	7	0	12
10.0 to 14.9 percent	7	8	0	15
15.0 to 19.9 percent	3	4	0	7
20.0 to 24.9 percent	3	4	0	7
25.0 to 29.9 percent	2	3	0	5
30.0 to 34.9 percent	0	123	0	123
35.0 percent or more	16	16	0	32
Not computed	0	123	0	123

GROSS RENT

Occupied units paying rent	5	6	0	11
Less than \$200	0	123	0	123
\$200 to \$299	0	123	0	123
\$300 to \$499	0	123	0	123
\$500 to \$749	2	3	0	5
\$750 to \$999	0	123	0	123
\$1,000 to \$1,499	3	5	0	8
\$1,500 or more	0	123	0	123
Median (dollars)	\$1,042	573	\$469	\$1,615
No rent paid	2	3	0	5

GROSS RENT AS A PERCENTAGE OF HOUSEHOLD INCOME (GRAPI)

Occupied units paying rent (excl. units where GRAPI cannot be computed)	5	6	0	11
Less than 15.0 percent	0	123	0	123
15.0 to 19.9 percent	0	123	0	123
20.0 to 24.9 percent	2	3	0	5
25.0 to 29.9 percent	3	5	0	8
30.0 to 34.9 percent	0	123	0	123
35.0 percent or more	0	123	0	123
Not computed	2	3	0	5

Source: U.S. Census Bureau, 2005-2009 American Community Survey

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Geographic Area: Galway village, New York

Selected Housing Characteristics	Estimate	Margin of Error (+/-)	90% Confidence Interval	
			Lower Bound	Upper Bound

Notes:

-Caution should be used when comparing data for Number of Rooms between 2008 and 2009. A data collection error was identified for 2008 impacting the "1 room" category. For more information please see Errata Note #54.

-Caution should be used when comparing data for Number of Bedrooms between 2008 and 2009. A data collection error was identified for 2008 impacting the "0 bedrooms" category. For more information please see Errata Note #54.

-The 2005-2009 plumbing data for Puerto Rico will not be shown. Research indicates that the questions on plumbing facilities that were introduced in 2008 in the stateside American Community Survey and the 2008 Puerto Rico Community Survey may not have been appropriate for Puerto Rico.

-Caution should be used when comparing data for Telephone Service Availability between 2008 and 2009. A data collection error was identified for 2008 impacting the "no" category and underreporting those who did not have telephone service available. For more information please see Errata Note #53.

-Caution should be used when comparing data for Occupants per Room between 2008 and 2009. A data collection error was identified for 2008 impacting the "1 room" category. For more information please see Errata Note #54.

-In prior years, the universe included all owner-occupied units with a mortgage. It is now restricted to include only those units where SMOCAPI is computed, that is, SMOCAPI and household income are valid values.

-In prior years, the universe included all owner-occupied units without a mortgage. It is now restricted to include only those units where SMOCAPI is computed, that is, SMOCAPI and household income are valid values.

-In prior years, the universe included all renter-occupied units. It is now restricted to include only those units where GRAPI is computed, that is, gross rent and household income are valid values.

-The median gross rent excludes no cash renters.

-While the 2005-2009 American Community Survey (ACS) data generally reflect the November 2008 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from OMB definitions due to differences in the effective dates of the geographic entities.

-Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Explanation of Symbols:

1. An '**' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
8. An '(X)' means that the estimate is not applicable or not available.
